

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry "documentary" (Stolen Honor) is an improper and illegal use of the public airways UNLESS they also present IN AN EQUALLY POPULAR TIME SLOT very soon thereafter an anti-Bush "documentary" such as "Fahrenheit 9/11" or "Outfoxed".

Sinclair is obligated by law to serve the public interest. If they use their position as a large, powerful corporation to misrepresent the issues in this election they should be severely censured by the FCC.

Please carry out your duty and stop this behavior if, in fact, Sinclair Broadcasting airs only one side of the issues.

Sinclair's interest to present only one side shows why we need to strengthen media ownership rules and make the license renewal process one that involves evaluation of a corporation's commitment to truly serve the public interest. It is well known that the Republican Party generally represents the interests of the very rich (and typically very powerful because of their wealth). The recent changes in the federal tax code shows this dramatically. It is the job of everyday good folks at the FCC to protect the general public from domination by the rich.

Thank you..\
